188th Durham Regatta – Saturday 12th and Sunday 13th June 2021

Dear Competitors,

Thank you for your entries for Durham Regatta 2021. Please find enclosed competitors instructions and safety notes as well as one or more PDF files containing details of the draw and crew composition for your entries.

A full copy of the draw and racing timetable will be available on the Regatta website at <https://durham-regatta.org.uk/> later today.

If you notice any issues with your entries please email in the first instance to entries@durham-regatta.org.uk. We would appreciate it if you could refrain from phoning unless it is absolutely necessary.

The Regatta takes place under Covid regulations and we must stress that it is vitally important that you bring only the minimum number of support personnel this year. In particular spectators are strongly discouraged.

To minimise landing stage operations we are operating a "Winner stays on" system for short course races this year. Full details are included the enclosed competitors instructions but briefly the winning crews will stay on the water between heats & quarter-finals and between semi-finals & finals. A longer gap is scheduled between quarters and semis to allow winning crews time to take comfort breaks etc.

We look forward to welcoming you this coming weekend.

Best Regards

Eddie, Tim, Dan & the regatta team
